

Plastic Roofing Washers

- Black thermo-plastic roof seal washers provide an effective weather seal on fibre cement and metal sheeting
- The washers are designed to exert ever increasing sealing pressure at the washer rim whilst the fixing is being tightened
- Also known as Spat Washers

Code	Size	Finish	Box Quantity
BRWP006	M6	Black	100
BRWP008	M8	Black	100

Plastic Tophats

- Black thermo-plastic tophats are used with black plastic roofing washers
- The tophat covers the fixing that protrudes through the washer, e.g. hook bolt
- Also known as Spat Tophats

Code	Size	Finish	Box Quantity
BRWPTH08	M8	Black	100

Plastic Sealing Washers

- Plastic sealing washers are used for fixing corrugated roof sheeting
- Use in conjunction with plastic sealing covers
- Also known as Selawashers

Code	Size	Finish	Box Quantity
BRWPSW06028	M6 x 28mm	Black	100
BRWPSW08028	M8 x 28mm	Black	100

Plastic Shallow Sealing Covers

- Plastic sealing covers are used with plastic sealing washers
- This shallow cover suits low profile fasteners such as mushroom head roofing bolts or drive screws
- Also known as Selacovers

Code	Size	Finish	Box Quantity
BRWPSC28	28mm	Black	100

Studding Connectors

- Long hexagon nut studding connectors for joining lengths of studding or continuous threaded rod
- Also known as connection nuts
- Zinc coated for corrosion resistance
